## SOFTWARE ENGINEER

### PROFILE

I am a software engineer with 3+ years experience in software development. I am interested in working with a growth oriented company.

### EXPERIENCE

#### SOFTWARE ENGINEER

BriteCore | Sep 2019 - Present

As part of the finance team, I work with Python and Vue to implement new user features and resolve existing bugs that affect how the insurance clients are billed.

#### SOFTWARE DEVELOPER

Andela | Sep 2018 - Aug 2019

I worked on multiple applications making use of Flask, DRF, GraphQL, Docker, Redis, PERN, etc.

Mentored junior developers in bootcamp programs.

Improved app performance through caching and push notification.

Developed solutions for others using code mentor in spare time.

#### WEB DEVELOPER

ThoughtStudios | Feb 2018 - Sep 2018

As a full stack developer I implemented new features and also redesigned the website's order workflow using VueJs and Rails. This improved the ease of placing an order. I also carried out maintenance of existing features.

#### FREELANCE WEB DEVELOPER

Freelance | Jun 2016 - Jan 2018

Worked on various projects from platforms such as Freelancer.com. I used languages/frameworks such as Javascript, Laravel, Rails, etc.
